

## Overview

"Platforms Fall" is an exhilarating multiplayer party game where players compete in a series of challenging rounds. The objective is to survive through three intense and fun-filled rounds, each designed to test different aspects of players' skills and strategy. Inspired by the popular game "Fall Guys," Platforms Fall adds unique twists and engaging mechanics to create a distinct and memorable gaming experience.

## Game Structure

- Number of Players: 15
- Rounds: 3
- Objective: Be the last player standing by surviving the challenges in each round.

## Round Breakdown

### Round 1: Shaky Platforms

- Description: All 15 players spawn in an arena filled with multiple platforms.
- Objective: Jump from one platform to another to survive.
- Challenge: Platforms will vibrate and simulate earthquake-like effects, eventually collapsing.
- Elimination: The round continues until 5 players are eliminated by falling off the collapsing platforms.
- Remaining Players: 10

### Round 2: Push and Block

- Description: The 10 remaining players enter a new arena with similar platforms.
- Objective: Survive by navigating platforms while using new abilities.
- New Abilities:
  - Push: Players can push other players off platforms.
  - Block: Players can block other players from pushing them.
- Elimination: The round continues until 5 more players are eliminated.
- Remaining Players: 5

### Round 3: Weaponized Chaos

- Description: The final 5 players face off in an arena equipped with special weapons.
- Objective: Use the provided weapons to eliminate opponents and be the last player standing.
- Weapons:
  - Water Gun: Sprays water to push players away.
  - Bubble Gun: Shoots bubbles that trap players inside, causing them to float and then fall when the bubble pops.
  - Gumball Gun: Shoots sticky gum that makes players stick to a platform, risking falling with it.
  - Foam Gun: Creates slippery residue that causes players to lose control and potentially fall off the platform.

- **Weapon Mechanics:** Weapons are not pre-assigned to players. Instead, they appear as pickups scattered around the arena. Players must race to collect these weapons, adding an additional layer of strategy and competition.
- **Winner:** The last player remaining in the arena wins the game.

## Controls

- **Movement:** Use the joystick or arrow keys to move your character.
- **Jump:** Press the space bar or corresponding button on your controller to jump.
- **Push/Block:** Press designated buttons (e.g., E to push, Q to block).
- **Weapon Use:** Press the left click or assigned button to use the weapon you have picked up.

## Game Strategies

- **Round 1:** Focus on timing your jumps and anticipating platform vibrations to avoid falling.
- **Round 2:** Use your push/block abilities strategically to survive and eliminate others. Stay on the move to avoid being an easy target.
- **Round 3:** Quickly race to collect weapons as they appear. Master the use of each weapon and combine movement and weapon strategies to outlast your opponents.

## Conclusion

Platforms Fall is designed to provide a thrilling and competitive experience for players of all skill levels. With its unique rounds and engaging mechanics, it promises hours of fun and excitement. Get ready to jump, push, and race for weapons to achieve victory!
